

CLIMBERS CLUB

TRACKING SHEET

Rangers who wish to participate in the Climbers Club program should keep track of their progress on this sheet (reverse side). Be sure that your manager signs off on the appropriate categories as well!

To join the Climber's Club, employees must reach Level 2 (acquire 20 volunteer hours) and attend at least 3 marketing events. From there, Rangers choose 10 of the 13 badge options found on page 13-19 of the 2024 Ranger Guide.

Rangers should request a "badge" (actually, it's a sticker) as they complete requirements. Request badges by sending an email to rangers@lookoutcu.com. Watch carefully! Each category has specific requirements to fulfill before the badge will be granted. Your badge request email should include everything needed. Badges will be sent via interoffice mail.

Fill in this tracking sheet as you go. Once complete, turn it in to Marketing via interoffice mail (or drop off in-person for Omni staff). If everything looks correct on our end, we'll send a \$50 giftcard and \$50 swag store credit your way!
